TECHNICAL DATA SHEET

SICK

ATM60-P4H13X13

ENCODER

General	
Encoder Type	**Absolute, multiturn**

Mechanical	
Shaft Type	**Solid shaft**
Shaft Dimensions	**10 mm diameter x 19 mm length**
Mounting Type	**Face-mount flange**

Features	
Programmable	**Yes (via SPS engineering tool)**

Electrical	
Connection Type	**Via bus adapter for PROFIBUS**

Environmental	
Protection Class	**IP65**
Operating Temperature	**-20°C to +85°C**

Materials	
Housing Material	**Aluminum**
Shaft Material	**Stainless steel**
