## PRODUCT PHOTO

## General Technical Specifications

|                                 |                                                         |
|---------------------------------|---------------------------------------------------------|
| Operational Ambient Temperature | -40°C to +70°C                                          |
| Storage Ambient Temperature     | -40°C/+70°C                                             |
| IP Protection Degree            | IP 66 max. with specific cable gland M20 (not supplied) |
| Insulation Category             | Class I                                                 |
| Operation Frequency             | 3600 operations/hour max                                |
| Cable Entry                     | M20                                                     |

## Technical Specifications of the Switches

|                           |                                                                                  |
|---------------------------|----------------------------------------------------------------------------------|
| Utilisation Category      | AC 15                                                                            |
| Rated Operational Current | 3 A                                                                              |
| Rated Operational Voltage | 250 Vac                                                                          |
| Rated Thermal Current     | 10 A                                                                             |
| Rated Insulation Voltage  | 300 Vac                                                                          |
| Mechanical Life           | 1x10 <sup>6</sup> operations                                                     |
| Connections               | Screw-type terminals                                                             |
| Wires                     | 1x2.5 mm (UL - (c)UL: use 60°C or 75°C copper (CU) conductor and wire 16-18 AWG) |
| Tightening Torque         | 0.8 Nm                                                                           |
| Switch Type               | Double break, snap action                                                        |
| Contacts                  | 1NO+1NC (All NC contacts are of the positive opening operation type )            |
