TECHNICAL DATA SHEET

Gore

TAPE DF 05-25

Gasket

Material and Construction	
Material	**100% expanded PTFE (ePTFE)**
Cross-section shape	**rectangular cross-section**

Performance Characteristics	
Temperature resistance minimum	**-268°C**
Temperature resistance maximum	**+315°C**
Chemical resistance pH minimum	**pH 0**
Chemical resistance pH maximum	**pH 14**

Compliance and Standards	
Authorization	**TA air blow-out proof according to VDI 2200**
DIN	**EN 13555**

Application	
Scope of application	**Flanges and other sealing surfaces**

Dimensions	
Width	**5 mm**
Thickness	**2.0 mm**
Coil length	**25 m**
