

TECHNICAL DATA SHEET

BOSCH REXROTH

R900587559

Hydraulic check valve SL 20 PA1-4X/

PRODUCT PHOTO

General

Component Type	Pilot operated check valve
----------------	----------------------------

Technical Data

Nominal Size	20
Connection Type	Subplate mounting
Decompression Feature	With decompression feature
Pilot Oil Drain	External
Component Series	4X

Performance

Maximum Operating Pressure	315 bar
Control Pressure	5 to 315 bar

Operating Conditions

Viscosity Range	2.8 to 500 mm ² /s
-----------------	-------------------------------
