TECHNICAL DATA SHEET

SAUTER

B6R25F300

Valve

PRODUCT PHOTO

Technical Data

Nominal diameter	**DN 25**
Kvs value	**10 m³/h**
Valve characteristic	**equal-percentage**
Valve stroke	**14 mm**

Construction

Type of connection	**G1"**

Physical Properties

Weight	**1.6 kg**

Performance

Operating pressure up to 120 °C	**16 bar**
Operating temperature	**–15...130 °C**
Control ratio	**> 50:1**
Leakage rate of control passage A AB	**≤ 0.05% of kvs value**
Leakage rate of mixing passage B AB	**≤ 1% of kvs value**

Materials

Valve body and seat material	**gunmetal**
Spindle material	**Stainless steel**
