TECHNICAL DATA SHEET

MICHELL

EA2-TX-80HD

DEW POINT TRANSMITTER

PRODUCT PHOTO

Measurement Specifications

Measurement Accuracy	**±2 °C**
Repeatability	**±0.5 °C dp**

Performance

Response Time T95	**5 min (dry to wet)**

Electrical Specifications

Supply Voltage	**12-28 V DC**

Physical Specifications

Protection Rating	**IP66 (NEMA4)**

Mechanical Specifications

Process Connection	**5/8" UNF external thread**

Materials

Housing Material	**316 Stainless Steel**
Sensor Material	**316 stainless steel ceramic sensing core**

Pressure Specifications

Continuous Working Pressure	**45 MPa (450 barg / 6500 psi)**
Instantaneous Pressure Withstand	**90 MPa**
