TECHNICAL DATA SHEET

GENERAL ELECTRIC

U203X02K2FS

inverter

PRODUCT PHOTO

General Information

Model Series	**VAT200**
Type	**Variable Frequency Drive**

Electrical Specifications

Recommended Motor Power	**2.2 kW (3.0 HP)**
Input Voltage	**3-phase 380–480 V AC, 50/60 Hz**
Output Voltage	**3-phase 0–480 V AC**
Nominal Output Current	**5.2 A AC**
Apparent Output Power	**4.2 kVA**
Output Frequency	**0 to 650 Hz**

Control Features

Control Method	**Sensorless Vector Control / V/f Control (selectable)**

Performance

Overload Capacity	**150% rated current for 60 seconds**

Hardware Features

Integrated Features	**Built-in RS-485 (Modbus RTU), digital operator keypad with potentiometer, built-in braking chopper**

Compliance and Protection

EMC Filter	**Integrated Class B EMC filter (-FS designation)**

TECHNICAL DATA SHEET

GENERAL ELECTRIC

U203X02K2FS

inverter

Physical Specifications

Enclosure Rating	**IP20 / NEMA 1**
Weight	**2.7 kg**

Logistics

Country of origin	**Taiwan**
