TECHNICAL DATA SHEET

IBIOTEC

NEOLUBE METAL 1100

ANTISEIZE PASTE

General Information	
Product Type	**Copper anti-seize paste**

Technical Specifications	
Operating Temperature Range	**-20 °C / + 1100 °C**

Performance Characteristics	
Electrical Conductivity	**Electrically conductive**

Composition	
Excluded Substances	**Free from metal salts, metalloids, or nitrites**

Compliance	
Compliant Specifications	**MIL A 907 ED – STM 7411 A – SECLF 216 – MIL A 907 E 80**

Packaging	
Container Size	**1 LT**
