LOWARA

SHS 40-250/1506

CENTRIFUGAL PUMP

General Specifications	
Material of Construction	**AISI 316 stainless steel**
Hydraulic Design Standard	**EN 733 (ex DIN 24255)**
Flange Dimensions Standard	**EN 1092-1**
Rotation Direction	**Anti-clockwise when facing pump's suction port**
Design Type	**Back pull-out design**

Operating Limits	
Maximum Working Pressure	**12 bar (PN 12)**
Temperature of Pumped Liquid	**-10°C to +120°C**

Motor Data	
Rated Power	**15 kW**

Dimensions	
Nominal Diameter (Size)	**DN 40**
