

## TECHNICAL DATA SHEET

# ROSS

2773B3001W

SINGLE SOLENOID VALVE; NOMINAL SIZE: 3/8 "; MAXIMUM WORKING PRESSURE: 10 BAR; FLUIDS: COMPRESSED AIR;  
MOUNTING TYPE: 1/2" NPT; NUMBER OF WAYS/POSITIONS: 3/2; CENTER TYPE: NORMALLY CLOSED;  
OPERATION TYPE:  
SINGLE SOLENOID; ELECTRICAL VOLTAGE: 24 VDC; BODY MATERIAL: CAST ALUMINUM; SEAT MATERIAL: BUNA N; MAKER  
1: ROSS VALVE; N-PART 1: 2773B3001W

## PRODUCT PHOTO

## General Specifications

|              |      |
|--------------|------|
| Nominal Size | 3/8" |
|--------------|------|

## Performance Data

|                          |        |
|--------------------------|--------|
| Maximum Working Pressure | 10 bar |
|--------------------------|--------|

## Fluid Compatibility

|        |                |
|--------|----------------|
| Fluids | Compressed Air |
|--------|----------------|

## Installation

|               |          |
|---------------|----------|
| Mounting Type | 1/2" NPT |
|---------------|----------|

## Valve Configuration

|                          |                 |
|--------------------------|-----------------|
| Number of Ways/Positions | 3/2             |
| Center Type              | Normally Closed |

## Actuation

|                |                 |
|----------------|-----------------|
| Operation Type | Single Solenoid |
|----------------|-----------------|
