TECHNICAL DATA SHEET

KROMSCHROEDER

85315315

OTHER TYPE VALVE; TYPE: MOTORIZED; NOMINAL SIZE: DN 80; MOUNTING TYPE: SCREWED; FLUIDS: GAS; For automatic shut-off, in closed position when power is off, slow opening, quick closing, for natural gas, town gas, LPG and air, also suitable for biogas and landfill gas, class A according to EN 161, EU certification Nominal diameter: DN 80 Pipe connection: Flange according to ISO 7005 Inlet pressure: pu max. 1 bar Mains voltage: 110 V , 50/60 Hz Valve body: AlSi Electrical connection: Metal junction box with terminals, IP 54 Pressure tapping: Screw plugs on inlet and outlet Flow rate adjustment: Yes Confirmation: Position indicator Seals: Viton sealing elements; MANUFACTURER 1: KROM SCHRODER; N-PART 1: 85315315; MODEL 1: VK 80F10MA93DSV

PRODUCT PHOTO

Dimensions

Nominal diameter	**DN 80**

Connections

Pipe connection	**Flange according to ISO 7005**
Pressure tapping	**Screw plugs on inlet and outlet**

Operating Conditions

Inlet pressure maximum	**1 bar**
Applicable fluids	**Natural gas, town gas, LPG, air, biogas, landfill gas**

Electrical

Mains voltage	**110 V, 50/60 Hz**
Electrical connection	**Metal junction box with terminals, IP 54**

Construction

Valve body material	**AlSi**
Seal material	**Viton**

KROMSCHROEDER

85315315

OTHER TYPE VALVE; TYPE: MOTORIZED; NOMINAL SIZE: DN 80; MOUNTING TYPE: SCREWED; FLUIDS: GAS; For automatic shut-off, in closed position when power is off, slow opening, quick closing, for natural gas, town gas, LPG and air, also suitable for biogas and landfill gas, class A according to EN 161, EU certification Nominal diameter: DN 80 Pipe connection: Flange according to ISO 7005 Inlet pressure: pu max. 1 bar Mains voltage: 110 V , 50/60 Hz Valve body: AlSi Electrical connection: Metal junction box with terminals, IP 54 Pressure tapping: Screw plugs on inlet and outlet Flow rate adjustment: Yes Confirmation: Position indicator Seals: Viton sealing elements; MANUFACTURER 1: KROM SCHRODER; N-PART 1: 85315315; MODEL 1: VK 80F10MA93DSV

Features

Flow rate adjustment	**Yes**
Position indicator	**Yes**

Compliance

EN 161 classification	**Class A**
EU certification	**Yes**

Installation

Mounting type	**Screwed**
