

TECHNICAL DATA SHEET

CEMBRE

PKD1612

capillary tube

PRODUCT PHOTO

Electrical Specifications

Nominal Cross Section	16 mm ²
AWG Gauge	6

General Information

Construction Type	Standard
-------------------	----------

Mechanical Specifications

Ferrule Length	12 mm
----------------	-------

Physical Characteristics

Color	Blue
Insulated	Yes

Materials

Conductor Material	Electrolytic copper, tin-plated
Insulation Material	PA6.6

Packaging

Package Quantity	100 PZ
------------------	--------

Environmental Specifications

Minimum Operating Temperature	-20 °C
Maximum Operating Temperature	115 °C

TECHNICAL DATA SHEET

CEMBRE

PKD1612

capillary tube

Compliance and Safety

Halogen Free	Yes
Standard Compliance	DIN 46 228/4
