

UNI Flat Spray nozzle cake wash

- Supplier: Meister
- Model: UNI
- Connection: 3/4" M
- Material: PU

**Uni nozzle**

- Suitable for all water pressures
- Continuously controllable in the discharge opening
- Wear-resistant
- Wide, even water jet
- Quick replacement - R 3/4
- Blockage-free
- Self-cleaning thanks to rotation
- Made of wear-resistant PU material
- Low-priced and economical
- Low construction height - important for lower-deck screening machines
- Entire nozzle also laterally adjustable

Height "h" in mm	Spray field width "s" in mm at 1.5 bar		
	A approx. 4mm	A approx. 6mm	A approx. 8mm
200	250	300	330
300	350	450	470
400	400	500	540

h = height between screen coating and nozzle lower edge
