

TECHNICAL DATA SHEET

MOOG

J682-2003

Proportional / servo hydraulic valve

Identification and technical specifications

Manufacturer	MOOG
Model	J682-2003
Nominal size	04
Maximum working pressure	35 MPa (350 bar)
Mounting	Base plate / subplate
Hydraulic fluid	ISO HM 32 oil
Supply voltage	24 V DC
Flow rate	250 L/min

Customs classification

Indicative EU CN code	8481 20 10
-----------------------	-------------------

Customs classification is indicative and subject to confirmation.
