

Product code: SP012H0-2

Family: ROTARY SWITCH BOXES

Serie: SP

Description

IP65 water proof compact design limit switch box as follows:

- visual position indicator
- reinforced techno polymer body, shaft and bracket
- shock resistant and UV resistant polycarbonate cover
- complete with adjustable mounting bracket suitable to fit directly on VDI/VDE 3845 actuators
- nos. 1 cable entry M20x1.5
- independent tool free adjustable high resolution splined cam
- pre-wired PCB terminal strip
- nos. 2 SPDT electromechanical switches, silver plated contacts, rating max. 5A@250VAC, 0,6A@125VDC, 3A@24VDC, rating 50mA@24VDC (resistive load)
- ambient temperature range -15°C +80°C
